

Bringing Veterinary Care Where It's Needed Most

For many families in underserved communities, getting their pet to a veterinary clinic—and affording the care once they get there—can be a significant barrier. So in August, **we brought the care to them.**

UCAN partnered with Ohio Alleycat Resource (OAR) to hold an on-site vaccine clinic at Rolling Acres Mobile Park, giving residents convenient access to essential veterinary care for the pets they love.

While OAR cared for the community's cats, UCAN provided **26 dogs with veterinary exams, core vaccines and parasite prevention**—important preventive care that some of these pets might otherwise have gone without.

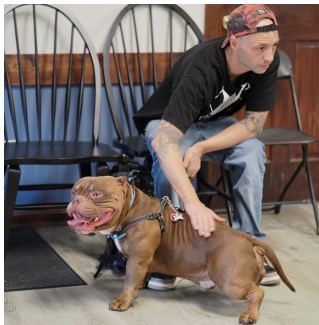

And our impact didn't end that day. Dogs who had not yet been spayed or neutered were scheduled for **free surgery at UCAN**, made possible by the generosity of our donors.

The gratitude from pet owners was heartfelt. They love their pets and want to do what's best for them; sometimes they simply need access to affordable care.

That's where UCAN—and you—can make a difference.

We hope to bring more on-site clinics to underserved neighborhoods throughout Greater Cincinnati, reaching at-risk pets and the people who love them right where they live.

Your donation helps us remove barriers, prevent unwanted litters, and give more pets the healthy future they deserve. Together, we can bring care—and hope—to the communities that need it most.
