

HAPPY 10-YEAR ANNIVERSARY!!

We wish a very happy TEN-YEAR anniversary to Dr. Amy, our amazing Medical Director!!! She is the fastest, most efficient surgeon we have ever had, and her long tenure here shows just how dedicated and passionate she is about making sure folks in Greater Cincinnati have access to affordable, top-quality surgery for their beloved pets. She has completed a WHOPPING 57,897 spay/neuter surgeries at UCAN - incredible!!!

Those surgeries have saved so many pets' lives, ensured so many cats and dogs in our community will live longer, healthier lives and significantly lightened the load on our surrounding county animal shelters by preventing so many unwanted litters.

We are so fortunate to have such a treasure like her in Greater Cincinnati and we thank her so much for all she does for us and the pets we serve. She is pictured here with Pumpkin, a sweet stray cat brought in by a caring person for surgery but he was already neutered!

NATIONAL CHANGE A PET'S LIFE DAY

National Change a Pet's Life Day is celebrated annually on January 24. This special day is for encouraging people to adopt pets from shelters and raise awareness about animals in need. Honoring this day doesn't only change the life of a pet but can also change your life for the better too!

Having a pet brings limitless amount of happiness as they give us their eternal love and companionship. If you can't adopt a pet, you can help at-risk pets by donating to or volunteering with a nonprofit animal welfare organization like ours.

We are proud to partner with most shelters and many rescue organizations in Greater Cincinnati. We reserve weekly surgery appointments for these shelter/rescue partners so they can pull and save the lives of animals at risk of euthanasia. Pictured here is the owner of Stray Haven, one of our amazing foster-based partners that saves pets every week in rural Kentucky shelters and brings them here for spay/neuter surgery and other veterinary services so they can be adopted (pictured here is one lucky dog brought in for surgery). Every pet that gets adopted means another pet they can save in its place.

So, please help us celebrate National Change a Pet's Life Day on January 24, by adopting a pet from a local shelter or rescue, donating money or your time to a nonprofit animal welfare organization or finding another way to help a pet. If you have already adopted a rescue pet or volunteer at an animal organization, THANK YOU!!
