## PROTECT YOUR DOG FROM HEARTWORMS!

Heartworms are a parasite transmitted by mosquitoes and can lead to severe lung disease, heart failure, and death. Mosquitoes can live in our environment and household year around. So, it is recommended that dogs be tested annually and take a monthly preventative throughout the entire year to prevent the disease.

We offer a heartworm test for \$20 and monthly heartworm preventative at the following cost for a 6-month supply:

- 0 to 25 lbs. - \$20
- 26 to 50 lbs. - \$25
- 51 to 100 lbs. - \$30

## HELPING VICTIMS KEEP THEIR BELOVED PETS

We are so proud to partner with The Ion Center for Violence Prevention (formerly the Women's Crisis Center of Northern Kentucky). The Ion Center is a 501(c)(3) nonprofit social service agency committed to leading our community in the social change needed to end domestic violence, rape, and sexual abuse.

It is also committed to helping abuse victims keep their beloved pets. That is where we come in! We provide spay/neuter surgery, vaccines, and other basic veterinary care for the pets of the abused victims the Center helps so they do not have to give up their beloved pet while housed at a women's

shelter.

Bridget from the Ion Center brought in the adorable kitty Cole, pictured here, who was neutered, tested, vaccinated, and treated for parasites. He is now ready to meet any boarding requirements and landlord requirements for pet-friendly, affordable housing when his owner is ready. And, he will lead a longer, healthier life!

**THANK YOU!!** Your generosity and support not only helps pets, but also helps the women who dearly love and need them and have already been through so much.

### DONATE SUPPLIES TO HELP MORE CATS AND DOGS!

Donations of supplies we use every day is a great way to help us save money so we can subsidize more spay/neuter surgeries and wellness services for low-income clients. Donations are tax-deductible to the extent permitted by law.

**Make an even greater impact - organize a wish list donation drive at your work or school so more people can be a part of helping pets who need it!**
