

# Nothing Butt Thanks !!

## Happy New Year!

Supporters like you make our critical work possible, and we want to express our heartfelt thanks for your compassion and generosity toward cats and dogs in our community and your support of us and our mission.

Together, we have made an enormous positive impact on pets and their people in Greater Cincinnati communities.

We performed 10,219 surgeries in 2023:

- Dog Neuters - 1,569
- Dog Spays - 1,770
- Cat Neuters - 3,279
- Cat Spays - 3,601

In addition to preventing hundreds of thousands of unwanted litters of puppies and kittens from being born and overwhelming local animal shelters, these surgeries saved the lives of many female cats and dogs with fatal pyometra infections and will prevent many types of cancers and medical conditions from developing in these pets.

In 2023, we also saw pets at 7,309 appointments during our Friday vaccine clinics, providing basic veterinary care, including core vaccines to prevent costly illnesses and microchips with lifetime registrations to get pets who get lost back to the families who love them.

Thanks to you, these pets will live longer, healthier lives giving love and companionship to their humans!!

**THANK YOU** for helping Pets and Their People in Our Community!
