

## GIVING TUESDAY

**Joyful tail wags.**

**Blissful purrs.**

**A little kindness  
can go a long way  
to help pets in  
need.**

We're deeply grateful for the unconditional love of our pets - the joy and companionship they bring. Ensuring pets in our community have a bright future with the owners who love them is a big endeavor, and you are an important part of that effort.

Thanks to you, so many pets living in poverty in our community are getting the veterinary care they need to grow and thrive. Still, there are many more who need help.

With Giving Tuesday - a global generosity movement unleashing the power of people and organizations to transform their communities - coming up on November 28, you can make sure pets of families in our community that are living in poverty or are in temporary crisis (homelessness or abuse victims) stay healthy, happy, and with the families who love them.

Your tax-deductible donation today would help provide:

- Sterilization surgery to help pets live healthier, longer lives.
- Lifesaving spay surgery for female pets with fatal pyometra infections.
- Core vaccines to prevent costly illnesses and parasite treatment to prevent pain and discomfort.
- Microchips to help lost pets get back to their owners instead of entering the shelter system.

Thank you for helping Pets and Their People in our community!

### EMPLOYEE SPOTLIGHT

Dr. Aimee is one of our incredibly talented spay/neuter surgeons and our Co-Medical Director!

She joined UCAN in 2020, when her family moved to the Cincinnati area from Indianapolis. Aimee was previously a surgeon at the Low Cost Spay Neuter Clinic in Noblesville, IN. Prior to that, she provided full-service veterinary care, including spay/neuter surgery, to pets in the Indianapolis area.

She obtained her Doctorate of Veterinary Medicine degree from Purdue University in May 2009. She graduated from Ohio University, Cum Laude, with a Bachelor of Science degree in Biology in November 2003.

Dr. Aimee is an incredibly compassionate person and always goes above and beyond to help the pets that visit us and ensures each one receives the highest quality of medical care. We are so fortunate to have her, and we thank her for all she does for UCAN and the pets we serve!!!
