# HELP FOR ABUSE VICTIMS WITH PETS
## The ION Center For Violence Prevention!

We love our partnership with The ION Center For Violence Prevention! They ensure people experiencing partner/domestic violence can leave their abusive environment without having to give up their beloved pet.

We provide spay/neuter surgery and other basic veterinary care for those pets for free while the owner is at the shelter so the pet can be safely boarded and can meet landlord requirements when permanent housing is found.

If you want to help these victims and their pets, please make a tax-deductible donation today.

If you are experiencing abuse but do not want to leave because of your pet, please contact ION and they will help both you and your pet be safe.

Bring them with you.

**Pets are family.**

If you're leaving your home because you are experiencing partner/domestic violence, you don't need to leave your pets behind. We will take care of them too - including food, vet visits, and even giving them a safe place to stay in our Compan**ION** Kennel.

When we say we keep families safe, we mean the whole family.
